PEABODY Street and Householders' Directory.

The street directory gives the location of each street, and shows what other streets or places run from or across it. The house numbers are given in left and right hand columns, with the names of heads of families and persons in business, in the order of location.

Houses without numbers are indicated by a—, and the dash is also used opposite connecting streets to indicate whether such streets begin or end on the left or right side.

Peabody Business Directory.

Peabody is a large and prosperous town situated two miles from Salem and eighteen miles from Boston, and is intimately related to Salem in all its social and industrial interests. It is connected with Salem, Boston, Lynn and other centres by different branches of the Boston & Maine Railroad. It is also connected with surrounding places by the Boston & Northern Street Railway. It has many and varied industries, the most important being the tanning, currying and finishing of hides and sheep skins, glue making, cloth bleaching, machine shops, thermometer manufacturing, etc. The Peabody Institute affords admirable literary advantages, having two libraries, the reference library being of extensive scope, and a course of free lectures is given every winter. These facilities, with the excellent schools of the town, render the educational advantages of peculiar value. It has an ample water supply (high service), from the beautiful Spring pond, and an electric light plant established by the town. It has a population of thirteen thousand, its people are full of enterprise and spirit, and its facilities for extensive manufacturing are unsurpassed.
